Winterization 2023

The enclosed contract has a suggested closing week.

To secure a date, please mail in the contract or submit via email.

Our schedule for closing books up very quickly-
Be sure to secure your date ASAP!

To Schedule Your Closing...

1. Any outstanding balances on your account must be settled.
2. The week provided is a suggestion; You must **MAIL IN the contract, CALL the office, or SUBMIT the form via email** to confirm a date and provide payment.
3. Pay in full by August 31 and receive a \$40 discount. Otherwise, a 50% deposit is required to schedule.

Winterization \$399 (Pool Only)

Our certified technicians will lower the water, drain and winterize the pool equipment, blow water out of the pipes, plug the lines, and remove and store pool accessories. Our service includes the winterization of any waterfalls, slides, pool cleaner pumps and up to 3 system pumps for no additional charge. To help protect your pump during the winter, all pumps will be removed and stored on your property.

All pools must be balanced and cleaned prior to the closing. Chlorination should stop 24 hours before the closing.

Please note: The water level must be maintained at the bottom of the skimmer mouth during the winter months.

Additional Charges...

- Attached Spa \$80
- Autofill Line \$45
- In Floor Cleaning System \$95
- Additional Filters \$75 each
- 4 or more Pumps \$39
- Heater Removal (Sta-Rite only) \$55
- Safety Fence Removal \$95
- Intellichem Winterization \$25.00
- Salt cell cleaning \$45

Cover Installation Charges...

We will install your cover to protect your pool over the winter.

Please note: We are not responsible for any tearing of covers due to normal procedures.

Mesh Safety Cover \$0

Solid Safety Cover \$88

***Solid Cover with water bags \$119**

*** For solid covers customers must leave out cover pump and extension cord so pump can be set up at closing.**

If additional water bags are needed we will automatically install and bill.

Winter Kit...

Includes (2) long lasting algaecides, one poured in at the closing and one that floats in a canister throughout the winter, and (1) phosphate free stain & scale preventer.

Winter Kit \$95

Mouse Busters...

All natural repellent to help deter mice, and other small rodents, from nesting inside of your heater. For best results, it is recommended to reapply the product every 90 days.

\$23.95 for one

\$40.00 for two

Spring Algaecides (2)...

For pools with mesh covers, we recommend adding two algaecide agents 2-14 days prior to your opening to aid in the clearing process. This algaecide kills mustard, black and blue-green algae, it is the strongest on the market.

Spring Algaecides (2) \$65.00

Winter Vacuuming \$135/hour

Our technicians will thoroughly vacuum, brush & clean skimmers.

Please note: If heavy debris is present, closing may need to be rescheduled.

Other Services

Separate Spa Options

Our certified technicians will drain, clean and winterize your spa at the time of your pool closing .

Separate Spa \$420

Refresh the spa for winter use.

Our certified technicians will drain and clean your spa, and refill it for use during the winter.

Spa Drain/Clean/Refill \$499

Spa Troubleshooting PDC only \$275 an hr.

Auto cover box maintenance \$699.00

Our certified technicians will carefully remove your cover stones and clean the auto cover box of debris; ensuring the drain is not clogged. We will test and adjust ropes and change sliders if needed. Recommended after leaves have fallen.

This service can be prescheduled for winter months or before opening.

SPLASH. Relax. REPEAT.
