

2023 LEAK DETECTION SERVICE AGREEMENT

Customer Name: _____ Telephone: _____

My pool is leaking _____ inches in 24 hours Liner Gunite (please circle one)

LEAK SERVICE CALL (203).....*\$349.00 HRLY

Choose this service if you know exactly where the leak is and the leak is visual. This is an hourly charge and parts used to repair are extra.

Initials: _____

PRESSURE CHECK (203PC1) first line \$110.00 ... (203A) Additional lines \$45.00 charge per line

Choose this service if the leak is in the lines; i.e. air bubbles are returning to the pool or if the pool loses more water when the pump is on compared to off.

This service will only locate leaks in lines.

Initials: _____

DIVE & LOCATE (203B).....*\$795.00 per Dive (doesn't include repair)

Choose this service if the leak is in the shell of the pool; i.e. leak in liner, light, returns or bottom drain.

This service will only locate leaks in the shell of the pool through a dye testing procedure.

Temperature of the water must be 80 Degrees, additional charge will apply for dives requested below this temperature.

Initials: _____

(Weather Permitting: This service can not be done in rain, or extreme cold weather conditions.)

COMPLETE LEAK DETECTION (203C).....\$2400.00

Choose this service to guaranty that we find all leaks in the pool, this service encompasses all of the above.

Initials: _____

**Please remember no repairs are included in any of the above services.
Repairs are estimated once the location of leak is determined.**
