

Service Options

Our Summer Service Options

Weekly Vacuuming...\$120.00 per visit

A trained service technician will vacuum the pool, clean pump and skimmer baskets, empty pool cleaner bag, skim water surface, inspect and adjust equipment, test and adjust chemical readings.

Chemicals added will be billed separately.

Season Service– Call for a quote

Includes your opening, closing, chemicals and weekly vacuuming service.

Pricing is based on pool features, size, and length of desired swim season.

Labor - Our hourly fees vary depending on the required level of expertise.

All labor is charged at an hourly rate plus the cost of materials .

If the technician is unable to fix the issue same day a \$50.00 diagnostic fee is charged and a proposal is emailed.

Water Testing

There is a drop box outside of our office.

Please leave your water sample, labeled with your name and address.

Water samples will be processed and emailed to you no later than the next business day.

We will no longer be able to process as you wait.

Please call or email your representative for to schedule chemical delivery.
